

Circular No.: IEX/MO/225/2016

Date: 30<sup>th</sup> July, 2016

---

**NLDC Operating Charges in Day-ahead Market on MWhr basis from  
Trade Date 1<sup>st</sup> August 2016**

---

Dear Members,

Hon'ble CERC has notified 4th amendment to CERC (Open Access in inter-State Transmission) Regulations vide Gazette Notification No. Regd. REGD. NO. D. L.-33004/99 on date 5th July 2016.

In compliance to this Regulation, Exchange will apply NLDC Operating charges on each of the successful buyer and seller for its energy scheduled (MWh) at regional periphery under Collective Transactions for Day-Ahead Market. The rate of NLDC Operating charges shall be **Rs 1/MWh** and shall be capped to a maximum ceiling of Rs 200 per day by each successful buyer and seller.

**Illustration:-** In Day-Ahead Market, if a portfolio has sell trade quantity of 220.4356 MWhr and buy quantity of 120.3656 MWhr then for Sell quantity Rs. 200.00 (@ Rs.1/MWhr subject to Rs. 200 Ceiling) will be applicable and for buy quantity Rs. 120.37 will be applicable. Hence Rs. 320.37 will be collected and paid to NLDC.

This circular will come into effect from trading day 1<sup>st</sup> of August 2016.

For and on behalf of

Indian Energy Exchange Limited

Akhilesh Awasthy  
Director (Market Operations)
