

## **IEX achieves the distinction of being the First Indian power exchange to be awarded three ISO certifications**

**New Delhi, December 15, 2016:**

Indian Energy Exchange (IEX) is delighted to be the first power exchange in India to have accomplished three ISO certifications: ISO 9001:2008 for Quality Management, ISO 27001:2013 for Information Security Management and ISO 14001:2004 for Environment Management. M/s Bureau Veritas Certification India who is a market leader in India has certified IEX.

- **ISO 9001:2008** certification recognizes the exchange for continual improvement using management tools towards working practices throughout the entire organization for quality management.
- **ISO 27001:2013** certification recognizes the exchange for robust information security management system (ISMS) which is a framework of policies and procedures including all legal, physical and technical controls involved in information risk management processes.
- **ISO 14001:2004** certification recognizes the exchange for establishing effective environment management system that provides assurance to stakeholders that environmental impact is being monitored and improved.

**Speaking on the occasion of being the first power exchange to have achieved three key ISO Certifications, Mr. S.N. Goel, MD & CEO, IEX,** said “achieving ISO certification is a matter for great delight as well as a testimony that the exchange follows robust systems, procedures and practices related to quality, information security and environment management systems. The certification is reinforcement for all our stakeholders including employees that the exchange is committed to strive for continual improvement towards meeting its quality, information security and environmental objectives.”

The ISO certifications indeed impart immense value to the exchange for it to be recognized as a secured platform by stakeholders with security management system in place. Going forward, the exchange intends to undergo internal audits and surveillance audits on an annual basis to ensure sustained conformance to the requirements of standards, as well as regulatory requirements while continually improving efficiency of the system.

**About IEX ([www.iexindia.com](http://www.iexindia.com))**

IEX operates Day-Ahead Market (DAM) and Term-Ahead Market (TAM) in electricity as well as Renewable Energy Certificate (REC) Market. The Exchange provides a transparent, demutualized and automated platform enabling efficient price discovery and counter-party risk management for participants. IEX is approved and regulated by Central Electricity Regulatory Commission (CERC) and has been operating since 27 June, 2008.
